THAT BLOODY SHIRT.

We are in such position that we ask nothing from Mr. Sherman. If he chooses to raise a hue and cry which was effective when the times were disjoined, and when men were deranged, it is nothing to us. The life has not gone out of the South, and the white people are not going to perish, neither are they going to let the life of industry perish, or the wheels of prosperity to be clogged.

Mr. Charles Dudley Warner will contribute to "Harpers" next summer what will be practically a story of American society told in a series of half humorous papers the material for which he has gathered in American pleasure resorts, North and South.

Certificates have been issued to the Democratic candidates from Hamilton county. This gives a Democratic majority in the Legislature. The Republicans will contest.

W. E. Beach, of Cadillac, Mich., went to New York two days ago, and fell into the hands of saw-dust swindlers, who fleeced him out of \$10,000. The police arrested Jas. Kelly, alias Mills, who was identified by Mr. Beach as one of the men who swindled him.

The total exports of specie from the port of New York during the past week were \$279,946, of which the exports to Europe were \$216,766 silver, and \$13,480 gold. The imports were \$71,080.

A Sharon, Pa., telegram says: A heavy vein of natural gas was struck at the Pine Hollow well, situated in a ravine, half a mile southeast of this city, at a depth of 400 feet. The people are very much excited.

A quarrel in a bar room in Knoxville on the 24th resulted in one having his neck broken. Knoxville keeps up sensations.

HATS! HATS! HATS! Newest shapes and best makes, at Whitlock's.

Going East. Train No. 2. Stations: Warm Springs, Sparta, Black Mountain, Round Knob, Old Fort, Morganton, Hickory, Newmarket, Salisbury.

W. A. TURK, A. G. P. A. M. SLAUGHTER, G. P. A. Round Knob is breakfast station for No. 1, 1000 per station for No. 2. Trains No. 1, 2, 7 and 8 run daily.

Why should Henry Rochefort trouble himself about Reil? Or why should he attack the English government for its course in relation to one that power chooses to arraign as a rebel? The course of Reil seems to us to have been that of a land pirate without any of the principles which elevate rebellion into patriotism.

From the Old Dominion. I have been a sufferer for many years from Catarrh and Blood Taint. After the application of all the known remedies for such diseases, I found myself last summer on the very verge of the grave. Nothing seemed to do me any good.

Swamp Malaria Conquered. I have been using Swift's Specific in my family for the past two years as an antidote for malaria also as a blood purifier, with the most satisfactory results. I live on the banks of the Ouchita river, in what is called the swamp country.

STOP AT THE Grand Central Hotel WHEN YOU VISIT ASHEVILLE. If you like good fare, fine rooms, good attendance, large, and we accord to one and all the same privileges we enjoy. We are not so far lost to business principles as to denounce any other remedy as a fraud, or imitation, or as containing a vegetable poison, the effects of which are horrible to contemplate.

20,000 bottles of B. B. B. have been sold to parties living inside the corporation of Atlanta since it was started two years ago.

Why this wonderful sale of a new remedy in so short a time with so little advertising? It must be confessed that it is because B. B. B. has proven itself to possess merit in the cure of blood, skin and kidney diseases.

By its magical alternative power, B. B. B. removes the blood of all impurities, unlocks the liver, arouses all secretions, restores nature to its normal condition, unloads the troubled brain, clears and beautifies the complexion, cures the rheumatoid, strengthens the feeble, calms the disturbed nerves, and induces quiet and peaceful slumbers.

It is no far-fetched, foreign-forged or dream-discovered subterranean wonder, but a scientific and happy combination of recognized vegetable blood-purifiers, effected after many years of constant use and experiment in the treatment of thousands of some of the most appalling cases of scrophulous, syphilitic and cutaneous blood poisons ever known in the state, resulting in complete and unparalleled cures of pronounced incurable cases.

Sole Agent for Main Jellico Mountain Coal Company the very BEST SOFT COAL in use. TESTIMONIALS.

True Merit Wins Where Practical Men are Judges. Read What is Said about JELICO MOUNTAIN COAL.

Water Works, Atlanta, Ga., September 25th, 1883. The engineer of the Water Works reports this morning that he has completed a 24 hour's test of the Jellico Mountain Coal. The test is as follows: Water pumped, 2787,200 gallons; Coal consumed, 12,900 pounds; water pumped to 100 pounds of coal, 21,606 gallons; water pressure maintained through test, 140 pounds; head, in feet, 323 to which the water was pumped; total number of pounds raised 323 feet, 2,225,775 1/2 millions pounds raised one foot with 400 pounds coal, 75,079,125, which is more than the builders guaranteed the engines to do with the best coal. Mr. Terry reports only 750 pounds ashes taken out, and no clinker and that the fires were not cleaned during the whole 24 hours. From the result of the above test I must pronounce the J. M. an excellent steam coal.

W. G. RICHARDS, Supt. Water Works. N. B.—Since the above test another has been made in which 28,773 gallons water were raised to 100 pounds of coal, instead of 21,600 in the first test. This shows an increase of over 7000 gallons over any other coal, a fact of itself worthy of note. W. G. R., Supt.

REMARKS. We regard your coal as the best we ever used. In our test we saved two hours time in making seven heats in heating furnace over the next best coal we use. Only have to clean grate once a day with it, with the other we have to clean twice, and once three times. LOOKOUT ROOLING MILL, JOHNSON.

WE HAVE OBTAINED reports from 11 engineers who have used your coal, which are of the most satisfactory character. They speak well of the coal in every respect. They all say that it is the best coal they have ever used coming from the line of your road. FRANK HUGHER, Supt. Superior Mill.

WE BURNED THE Jellico Mountain Coal on the steamer Water Lily during last winter and think it preferable to other coal. It burns up without leaving so many clinkers as other coal. A. H. LOVE, C. H. WOODRUFF & CO.

WE ARE WELL SATISFIED with the Jellico Mountain Coal, after thoroughly testing it at our mill. We consider it the cheapest coal we buy owing to the fact that there is less waste. J. H. BEAN, Supt. Superior Mill.

I FIND THAT it is less waste in the Jellico Coal than any I have used. It burns free and leaves but the ash. We find that there is less dust and ashes in our houses when we burn Jellico Mountain Coal than when using other coal. We are very well satisfied with Jellico Mountain Coal. Consider it the best on the market. SCOTT, DEXTER & CO.
